SUNNY SHARMA

Cybersecurity Analyst | SOC Analyst | Web Application Security

+91-8777210604 | sunnysharma112004@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Cyber Security graduate with hands-on exposure to web application security, SOC fundamentals, networking, Linux/Windows security, and penetration-testing methodology. **TryHackMe Top 7%** with 69 rooms completed; completed PortSwigger API Testing path (29/29) and solved 12 hands-on web-security labs. Strong software foundation in Python, JavaScript, REST APIs, JWT authentication, databases, Git, Docker, and AWS.

CYBERSECURITY SKILLS

Security Tools: Burp Suite, OWASP ZAP, Nmap, Metasploit, Hydra, Gobuster, Netcat, Shodan, CyberChef, VirusTotal | **Web Security:** OWASP Top 10, HTTP request/response analysis, SQL Injection, DOM-Based XSS, IDOR, authentication/authorization, API security | **SOC / Blue Team:** SIEM/EDR fundamentals, alert triage, Windows Event Logs, Sysmon awareness, IOC analysis, MITRE ATT&CK mapping | **Networking & Systems:** TCP/IP, DNS, ARP, DHCP, subnetting, Linux, Windows, Bash, PowerShell | **Programming / DevOps:** Python, C++, JavaScript, SQL, REST APIs, JWT, Git, GitHub, Docker, AWS EC2, AWS S3

PROJECT

Web Application Security Assessment - OWASP Juice Shop | Burp Suite | SQL Injection | DOM-Based XSS

- Conducted manual security testing of OWASP Juice Shop using Burp Suite in a controlled local lab environment.
- Identified and validated Authentication Bypass via SQL Injection by modifying login request parameters and comparing HTTP response behavior.
- Identified and tested DOM-Based XSS through the search functionality; documented evidence, security impact, and remediation recommendations.

HANDS-ON CYBERSECURITY TRAINING

TryHackMe - Top 7% | 69 rooms completed | 13 badges | 37-day streak | Profile

- Practiced web security, reconnaissance, networking, Linux/Windows security, SOC fundamentals, SIEM/EDR concepts, and penetration-testing methodology.
- Hands-on exposure includes Nmap, Burp Suite, OWASP ZAP, Metasploit, Hydra, service enumeration, HTTP analysis, and security investigation workflows.

PortSwigger Web Security Academy - API Testing 29/29 | Server-side Vulnerabilities 31/52 | Dashboard

- Solved 12 hands-on labs (10 Apprentice, 2 Practitioner) and practiced manual HTTP request/response analysis using Burp Suite.

SECURITY PORTFOLIO & TECHNICAL WRITING

GitHub Security Notes: tryhackme-writeups **| Hashnode:** @sunny1103

- Documented 49+ TryHackMe rooms with concepts, methodologies, tools, defensive takeaways, and learning notes without publishing flags or direct answers.
- Published beginner-friendly cybersecurity articles focused on clear technical communication and security documentation.

PROFESSIONAL EXPERIENCE & TRAINING

ISOAH Data Securities Pvt. Ltd. - Ethical Hacking Internship **Sep 2026 - Nov 2026**

- Completed internship from 21 Sep to 2 Nov 2026 with exposure to ethical hacking activities and the functions of the organization's core security division.

Capgemini - Intelligent Process Automation Trainee **Jan 2026 - May 2026**

- Completed 4-month industry training covering process analysis, workflow design, bot development, testing, debugging, deployment, logging, and exception handling.
- Built workflows across UiPath, Automation Anywhere A360, Power Automate, and Blue Prism; used validation checkpoints, retry logic, and audit logs.

EDUCATION

Haldia Institute of Technology **2022 - 2026**

B.Tech, Computer Science and Engineering (Cyber Security) | CGPA: 8.05/10

ADDITIONAL ACHIEVEMENTS

- Secured 106th rank among 16,000+ participants in Coding Ninjas Ninja Slayground 2.0 national coding challenge.
- Solved 300+ DSA problems across LeetCode, GeeksforGeeks, and Code360, strengthening analytical problem solving.
- HackerRank Skill Certifications: Problem Solving (Basic), Python (Basic), and Java (Basic).
- Awarded the Swami Vivekananda Merit-cum-Means Scholarship for consistent academic performance.
