Sunny Sharma

Software Engineer | RPA Developer | Automation Engineer
+91-8777210604 | sunnysharma112004@gmail.com | GitHub | LinkedIn | LeetCode

Professional Summary

Computer Science undergraduate specializing in Cyber Security, targeting Software Engineer, RPA Developer, and Automation Engineer roles. Built 12+ REST APIs, reduced invoice processing time by 70%, processed 50+ sample invoices, automated comparison of 50+ product records, and solved 300+ DSA problems. Hands-on with Python, C++, JavaScript, MERN Stack, UiPath, Automation Anywhere A360, Power Automate, Blue Prism, OCR, Excel, Outlook, and ERP workflows.

Technical Skills

Languages: Python, C++, JavaScript
Web Development: React.js, Node.js, Express.js, REST APIs, JWT Authentication, Socket.IO, HTML, CSS, Bootstrap
Databases: MongoDB, MySQL, PostgreSQL
RPA Tools: UiPath, Automation Anywhere A360, Power Automate, Blue Prism
Process Tech: OCR, Document Automation, Outlook, Excel, Web Scraping, Data Extraction, ERP Integration, Selectors
Cloud/DevOps: AWS EC2, AWS S3, Docker, GitHub Actions, Azure DevOps, Git, GitHub
Core Skills: Data Structures, Algorithms, OOP, API Design, Debugging, Logging, Exception Handling, Testing, Team Collaboration

Professional Training

Capgemini Jan 2026 – May 2026
Intelligent Process Automation Trainee

- Completed 4-month industry training covering process analysis, workflow design, bot development, testing, debugging, and deployment.
- Created workflows across 4 RPA platforms: UiPath, Automation Anywhere A360, Power Automate, and Blue Prism.
- Applied OCR, Document Automation, Outlook, Excel, and ERP integration to digitize repetitive business operations.
- Improved failure handling by 70% through retry rules, validation checkpoints, audit logs, and exception routing.

Projects

ChatMind Mar 2025 – Aug 2025
React.js | Node.js | Express.js | MongoDB | Socket.IO | JWT | Cloudinary

- Developed a MERN real-time messaging platform with one-to-one chat, group chat, authentication, profile management, and media sharing.
- Built 12+ REST API endpoints for login, user profiles, messages, groups, media uploads, protected routes, and access control.
- Implemented JWT authentication, role-based authorization, MongoDB schemas, and backend services using Node.js and Express.js.
- Integrated Socket.IO for live message delivery and Cloudinary for secure media upload, storage, and retrieval.
- **GitHub:** github.com/SunnySharma04/chat-mind

Invoice Processing and Posting Automation Jan 2026 – Apr 2026
Automation Anywhere A360 | OCR | Document Automation | Outlook | Excel | ERP Integration

- Reduced invoice processing time by 70% by building an A360 workflow for Outlook intake, OCR extraction, validation, and ERP posting.
- Processed 50+ sample invoices by mapping vendor, purchase order, invoice number, amount, tax, and due-date fields into Excel records.
- Improved exception handling by 70% with business-rule checks, status tracking, retry logic, audit logs, and automated reports.
- Coordinated workflow documentation for reusable components, error scenarios, validation steps, and team handoff.
- **GitHub:** github.com/SunnySharma04/Invoice-Processing-and-Posting-Automation

Automated Product Search and Recommendation Bot Apr 2026 – May 2026
UiPath | Web Automation | Data Scraping | Excel Automation | Selectors

- Automated comparison of 50+ product records by collecting prices, ratings, specifications, and availability from e-commerce websites.
- Generated Excel reports that ranked products using predefined rules for price, rating, stock availability, and specifications.
- Reduced manual comparison effort through reusable UiPath workflows, selector management, exception handling, and structured output files.
- **GitHub:** github.com/SunnySharma04/Automated-Product-Search-and-Recommendation-Bot

Education

Haldia Institute of Technology 2022 – 2026
B.Tech in Computer Science and Engineering, Cyber Security *CGPA: 8.05 / 10*

Certifications and Achievements

- **Certifications:** Problem Solving Basic, Python Basic, Java Basic – HackerRank Skill Certification.
- Secured 106th Rank among 16,000+ participants in Coding Ninjas Ninja Slayground 2.0 national coding challenge.
- Solved 300+ DSA problems across LeetCode, GeeksforGeeks, and Code360, strengthening algorithms and problem-solving skills.
- Awarded Swami Vivekananda Merit-cum-Means Scholarship for consistent academic excellence.
